

WILL BUTTERS FROM HARTFORD - FINALIST

A day to remember -By Will Butters

We remember, remember, the fifth of November,  
When we had no fireworks or fires,  
Before we found you, now we remember,  
how you came to light up our lives

Adoption day adoption day the fifth of November,  
we now have sparklers and fire.  
Now that we've found you, they will remind us,  
of how you came in to our lives.

Christmas days, birthdays, adoption days,  
three special times in our year  
Now we just know you will remind us,  
of what makes these times so dear.

Remember, remember, always remember,  
why you set our hearts on fire.  
Our own little sparkler, who lights up our world,  
a gift sent to light up our lives.
